## **BOOK SYNOPSIS**

In order of priority, this book is a guide for dealing with emergencies and survival situations. It covers the five core areas of survival: first aid, water, food, shelter and fire. Then it goes into the wide array of specific situations you may encounter such as: flood, earthquake, tornado, hurricane, tsunami, volcano, wildfire, heat wave, blizzard, drought, landslide, nuclear-biological-chemical incidents, terrorism, crime, riots, airplane and helicopter crashes, survival at sea, cold weather survival, desert survival, tropical survival, field expedient tools and weapons, emergency communication, dangerous plants and animals, and more. The goal is to have a quick reference in hand to get you through the emergency into a situation where you can thrive on the other end. This is a companion book to Prepare Now. Survive Later which gives checklists and instructions in how to be as prepared as possible before an emergency strikes. With the proper knowledge, we can survive!
