BOOK SYNOPSIS

Written by two well-respected experts in the field, this new edition of a bestseller has been completely updated and includes more than 50 new cases. The cases appear in random order, just as they would in practice, and are presented as self-assessment problems comprising integrated questions, illustrations and detailed explanations designed to educate as well as to provide answers. The book is designed to appeal to veterinary students preparing for exams, and to veterinary practitioners in their continuing professional development.
